Stitching

To achieve a sharp professional finish to your work press each seam after stitching.

1.   Arrange the half square triangles in pairs to your own preference and stitch together to form six squares.
2.   Arrange the small squares in fours with two white and two patterned squares in each group placed diagonally opposite each other.

3.   Stitch the small squares together to form eighteen larger squares.
4.   Using the picture as a guide for positioning lay out all the stitched blocks and large squares as shown.
5.   Stitch the blocks and squares together in rows with seven blocks/squares in each row. There will be eight rows in total.
6.   Stitch the rows together to form the quilt centre.
7.   Stitch a small square to each end of the two shorter border strips, these will be the top and bottom border strips.
8.   Add the border, stitching the side strips first and then the top and bottom strips.
9.   Layer together the quilt top, wadding and backing fabric and quilt by hand or machine.
10.   Add the binding to complete the project.
